SUMMARY

I Shubham Khatik is a dedicated and motivated fresher with a passion for frontend development. Armed with a solid foundation in **HTML, CSS , Bootstrap , JavaScript, React js**, I possesses the skills necessary to create visually stunning and user-friendly web applications. My strong grasp of design principles and attention to detail allows me to develop intuitive and seamless user experiences.I am a highly skilled web developer with over I have knowledge of popular frameworks such as **React Js** and experience with REST APIs .

PROJECTS

Movie Booking Application

Self-Learning Project   **Visit Website**

📅 June 2023 – July 2023

- React-js was used to create a cinema booking application that gives users a streamlined way to browse movie lists, pick seats, and purchase tickets online.
- providing a user-friendly interface for the login, I utilise the Formik and also use a resuit table for the user interface, utilising Contaxt api to prevent the props drilling, with the intention of streamlining the movie booking process and improving the user experience.
- Implemented user authentication and access control mechanisms to ensure data privacy and secure user interactions.

CRM Application

Self-Learning Project   **Visit Website**

📅 May 2023 – June 2023

- Developed a feature-rich CRM web application using the React framework to manage customer data and improve business process.
- Designed and implemented the user interface for the CRM application using React, creating components for customer profiles, tasks, and analytic dashboards and charts.
- Integrated a database MongoDB to store and retrieve customer information, tickets and other relevant data.
- Implemented user authentication and access control mechanisms to ensure data privacy and secure user interactions within the CRM platform.
- handling API requests and database operations

Ecommerce Application

Self-Learning Project   **Visit Website**

📅 December 2022

- Developed a fully functional e-commerce website using Vanilla JavaScript, HTML, and CSS.
- Implemented responsive design and user-friendly interface to enhance the shopping experience.
- Utilized JavaScript frameworks to handle dynamic content, product filtering, and shopping cart functionality

EDUCATION

Frontend Development
Relevel by Unacademy

Diploma In ME
MMPC warora

Class XII
Bharat Jr. college,hinganghat

Class X
Happy Public Sr.Sc.School

SKILLS

HTML   CSS   Jquery   JavaScript
React-Js   Bootstrap   GitHub   Git
Postman   Vs-code   Ms-Office
Figma   Canva   Illustrator
Onrender   Netlify

COURSEWORK

- Data Structures and Algorithms
- Object- Oriented Programming
- Full-Stack Developer
- Operating Systems Windows
- Database MongoDB My-Sql
- CAD-CAM

EXPERIENCE

HNI Office India Ltd
DET IE Department

📅 August 2018 – July 2020

- The manufacture enters the system undetected. Determine the daily output. Calculate the utilisation and efficiency for daily reports.

Sai Ambrosia Computer
Teacher
